FOR THE CURE OF

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies over offered to the public for the RAFE, CERTAIN, SPEEDY and PERMANEMY cure of Agne and Swon, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Senthern country to bear him testimony to the truth of the assertion that is no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a tingle does has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restaustion of the general health. It is, however, prudent, and in every case more cartain to cure, if its use is continued in smaller doese for a weak or two after the disease has been about any if its use is continued in smaller doese for a weak or two after the disease has bown the closed, more openially in difficult and long-standing cases. Usually this medialne will not require any six to keep the bownin in good order. Should the patient, foreverer, require a catherile medicine, after having taken three or four vices of the Tunic, a single date of SVLL'S VEGETABLE PARILLY PILLS will be sufficient. BULDS SAR" "ARILLA is the old and

PAINFUL CASE OF TETTER. I have for 25 or 35 years been a sufferer from DRY TETTER. It developed itself on different portions of my body, exhending to my feet and hands, causing them to itch intelerably and to craek. It was so punisht that I was compelled to wear India Rubber gloves day and night for months at a time. After equaliting the best physicians, and saing all the remedies withch came to my notice without relief, I commenced the use of SWIFT'S SPELIFIC, and an happy to say that there is exarely a vestige of the disease left. At no time in 25 years have I felt such relief and freedom from disease, and I cheerfully recommend Swift's Specific to all similarly afflicted.;

J. R. ERANHAM, Nacon, Gs.

Brouchitis and Minister's Sore Throat

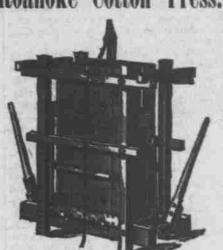

I was hald low by an attack of Bronchitis and linister's Sore Throat, and my life was almost depathed of, when my doctor said try S. S. S. I head stod for some time, but I was afraid of being permently laid aside from the active duties of my ininistry, I decided to give the preparation a fairful, and after persevering in its use I found combete relief, and am enjoying excellent health, in clearly of the opinion that Swift's Specific for of the best Alteratives and Hlood Purifiers is not the best Alteratives and Hlood Purifiers is no curstive qualities to others afflicted as I was.
